

Spring Term 2018

Lion Class

What a lot of learning we have packed in to this half term!

Our Jigsaw learning has all been around Fairy Tales. We had Rainbow Theatre come and perform Four Favourite Fairy tales for us. We all loved it so much we wanted it to be extended to ten or more Fairy Tales. Some of use even got to take part in the performance as different characters.

Jigsaw

In our Jigsaw learning we have read lots of Fairy Tales. Our main Fairy Tale was Jack and the Beanstalk which we re - wrote as our very own book and even illustrated. We then chose our favourite Fairy Tale out of Three Billy Goats Gruff, Goldilocks and Red Riding Hood and went in to different classes to perform a re - telling of the story and the re write it using Fairy Tale features

such as story openers, adjectives and exclamation marks. For Guided Reading we read some Fairy Tales that are less well known such as the Twelve Dancing Princesses and Rumpelstiltskin.

Finally we then used our computing skills to write a book review based on our favourite Fairy Tale.

My Book Review

Title of the story: Goldilocks and the three bears.

Picture from the story:

Describe your favourite part of the story:
The house is big and bright. I like when Goldilocks broke baby bears chair.

How many stars would you rate this story:

★★★★

Maths

In Maths we have done lots of work on multiplication (lots of) and dividing (shared by). We have done lots of practical maths to support our learning. We used peg boards to make arrays.

We have been learning how to measure using centimetres and metres. We measured lots of different beanstalks.

We have been learning the names and properties of 3D shapes. We made castles out of 3D shapes and then named which 3d shape we had used.

Safer Internet Day

The 6th of February was Safer Internet Day and we spent the day thinking about how we can be safe on the Internet. We read *Chicken Clicking* a story about a Chick who makes a new friend on the internet that turns out to be a fox! The children came up with lots of ideas about how they could stay safe on the internet such as:

- Talking to an adult if something or someone upsets them.
- Not speaking to strangers online.
- Asking permission from an adult before using the internet and getting an adult to check on what they are using.
- Keeping their passwords safe and private.
- Not sharing personal information such as names, ages and addresses with people online.

PE

In PE we have been learning Games skills with Mr Entwistle. We have been using footballs, basketballs, hockey sticks and netballs to practise sending and receiving using different throws, rolls, kicks and pushes.

Mrs Hayward and Miss Atashkhar would like to say a big well done to Lion Class for all your hard work this term! We hope you have a lovely half term and can't wait to see you for our next Jigsaw topic which is CHOCOLATE!
